

TITAN

Taxi / Cabs / Car Hire Management Software

Titan is a Windows program designed to be easy to use, but provide sophisticated reporting. The system takes Credit Vouchers and Receipts. It produces reports to help you run your business more easily and profitably, and can also produce invoices for account customers. It is a database system, so bookings can be found either in the past, present or future. At every stage the development of TITAN has been led by owners of taxi and private hire businesses.

You don't need a powerful PC to run this software. If it runs Windows 3.11, 95, 98, NT or XP, it will run Titan.
